

# ARCHAEO MUSE

TRAVEL classically inspired adventures

## New Great West Way® Programme

*Here come the Muses!*

ArchaeoMuse specialises in theme-based travel and educational experiences exploring the origins of civilisation and the connections our ancestors have with the present. We are enthusiastic and passionate about what we do.

The Great West Way provides an exciting range of options to explore these connections!

***"ArchaeoMuse's experiences bring ancient civilisations back to life!"***

We have launched a 'Great West Way' page on our website that focusses on experiences along this ancient route. We collaborate with writers, storytellers, historians, philosophers, archaeologists, gastronomical connoisseurs, and passionate locals.

***"Let our Muses show you the Great West Way!"***

Our themed-based travel options centre around the original Nine Muses of Greek mythology fame, daughters of Zeus and Mnemosyne, who were created to inspire and uplift in times of hardship.

Our Muses represent all areas of history, arts, culture, and science, popular in the ancient world and today.

Our travel experiences explore and engage with a variety of cultures and traditions.

***"Let us inspire and create your next unforgettable adventure!"***
